  - From George: When you send out the information via E-mail please add a note asking any Brother who is aware of another Brother not having E-mail access to print out a copy of the information and provide it to them and/or give that brother a call and tell him that he can go to a local Library to use a computer (I'm sure a Librarian would help him) to get access to our website.
  - Ron send out email to general membership to get volunteer for Flower Fund Coordinator – first come first served
  - From Ian: After 6 years it's time to pass the torch, and I sense there could be several in the wings who are ready, willing and able. So, how about I continue through 2019 and you all begin working on a replacement? I'm happy to help out during a transition period. Notes: I use MS Excel for the Care Cards, drawing on some vintage computer skills, but it is not required as there are obvious alternatives. Also, affirming some guidelines for the new guy would be a good thing, and I can initiate that. Best regards, Ian
